“ Dear Daddy I Love and miss you so much! I will try to make you proud. You have given our family so much. You are my hero! I am happy you are no longer ill and that you were able to reunite with our loved ones who have gone before. You gave our family the best of yourself and your wonderful sense of humor and positive outlook has brought me through my trials. Thank you for always being there to help your family and thank you for still helping them. Your legacy is a honorable one and will live on. Until we meet again and you bring Bobo to welcome me at the gates of heaven. I am your grateful daughter, Johnna aka Sam
