“Dad, we just had your 68th birthday... I miss having those talks and cups of coffee. I wish you were here to talk to. Life is so complicated and trying at times. You were my benchmark and at times I feel so lost. I miss you Dad

“We are honored to have John as our neighbor for the last 15 years. He certainly made life interesting, and we appreciated the way he lived life to the fullest. He always cared about people and was never too busy to stop and chat. We will miss you John.
