“ The world seems slightly dimmer today as one of its brightest lights has gone out. John not only was my mentor he was my friend. I have fond memories of Starbucks runs, Charlie the Unicorn, and many other shenanigans at WorkSource. Johns infectious personality was something everyone would gravitate towards, and his fierce loyalty to his colleagues was always framed by his thoughtfulness. He was there when I needed a something positive in my career path and no matter how much I thought times were bleak, John weaved positive motivation, professional candor, and humble wisdom to bolster my confidence. Why...because John had a heart of gold and his love for his wonderful family, friends and colleagues should not go without merit. I will miss our times together but will always remember them. ~CVB~

“ John was a great co-worker and friend at WorkSource for the past 10 years! He was always eager to help a colleague connect a job seeker to the right job, research the best car options and assist a co-worker in getting a better deal on any purchase or service agreement. John offered his assistance without reservation and could always be counted on to brighten your day with his quick-wit and fun-loving personality. Your absence these past many months has left a pall on the office and I miss you dearly my friend! I am so sorry for your loss Janet, Nichole and family! The only thing John loved more than talking about his grandchildren was spending time with them and his family. Michael Benko
