“ Thank you Jonah for always being there for everyone especially mine and Joey's girls. You always saw the positive in everything, I hope we all can learn more of that. A favorite memory has always been the naming of Jenna, up until the time I went into labor with her we were going to name her Josephine but you told us to name her Jenna and always argued with me, well we know who won that one! Thank you my dear brother in law fir the many loving privileged years of knowing you! Until we get to gather again I love you and will miss you!

“ Thank you dad For everything you have done for me and my siblings, no words can describe the heartache and pain we feel knowing you're not here with us anymore, We love you more than words can explain. I remember how we would randomly start a debate just to see who would win and mom would get mad at us and say we should stop arguing and we would just look at her and laugh and you would say we're not arguing we are debating then mom would say sounds like you guys are arguing and then you would say That's just how me and my little girl roll! You are my best friend, My protector and the one I can always rely on, you are my Favorite person. You are the one that taught me how to stand up for myself and not let anyone push me around. You taught me so many things that I would always remember. I love you so much dad !!
