“ Judy was my mother and she was the most wonderful person I've ever met. It's hard to believe it's been 14 yrs and not a single person has shared any memory on here. She was a hard worker, stayed working until just a couple weeks before she died

She was preceded by myself Dustin her son and her grandson Micah, as well as her sister Diane

Not a day goes by I don't think about you I love and miss you more than words can say
