“ I have a very special reason to be thankful for Aunt June! A week or so after my mother gave birth to me she became very ill and needed to be hospitalized. Aunt June stepped up and took care of me for a couple of weeks while her little sis Doris was getting well. Apparently my folks had not thought of a name for me yet. I dont know how she came to Susan, but for the middle name she decided on Marie after Grandma Esther. At least thats what I was told. Not until I was 26 and in need of a copy of my birth certificate did the story become real to me. I presented my drivers license as identification to the Clark County Auditors department and the clerk was unable to locate a birth certificate for Susan Marie Price. After some time the clerk finally produced a birth certificate for Baby Price. Wow that old story was right! So, again let me say thank you Aunt June for stepping up, taking care of me and giving me my name. God bless and rest in peace. Love Susie.
