“ I miss you mom mom. I still think about you after all these years. We miss you so much. There's so many things I wish I could talk to you about. You'd be so happy to meet your little grandbabies. They'd hug you and kiss you and make your hearing aids beep just like they did when I was little. I love you. I miss you so much.

“ All our thoughts & prayers for Uncle Bob & Our Cousins. We couldn't ask for a nicer Aunt, who always had time to listen whenever we had a problem even though she was 3000 miles away. You are now with our family in heaven. Give our love to everyone up there. Love & Prayers, Diane II & Diane III
