“ I am so going to miss your phone calls bringing me up to date and the hope of the four of us being together sometimes. Love you, Karen. Wait for us, okay?

“ We are thinking of all of you - she was a strong personality - it will be hard as you adjust to her not being with you. How I will miss MY BEST FRIEND of over 55 years! She was always there for me - someone I could depend on - an honest friend who told me like it was - how I will miss her - someone I loved so much that words can not begin to tell.
