“ I am so very sorry for your loss.I hope that good memories of her ease the pain a bit. Karey truly got the most out her short life. I admired her determination and strength. And how much she loved Steve and her dog Joey.I will miss her very much.

“ Karey, I will miss you dearly and will always remember our time together on the softball field and at gatherings for "the girls." Your wonderful personality and commitment to your family was truly one of a kind. I will miss you my friend. I believe you and Steve are together now with our beloved Sunnye. I love you!

“ Oh Karey, you've been taken from us way too soon. I love you and you will be so missed by so many. I know I've told this story a thousand times but it just sticks with me and I will never forget it. During the last "big" snowfall we had a couple years ago, I was stuck in my house and couldn't get my car out. On about the second day, which was Christmas Eve, I looked out my front room window and there was this big huge truck parked in front of my house. Then I look in my driveway, and there is Karey all by herself, shoveling snow so that I can get out of my driveway. I yelled out the door and asked if she didn't have something better to do, and she just said "This is what friends are for". I was so grateful, she made it possible for me to spend Christmas with some of my family in Portland. Karey was one of the most caring, considerate and thoughtful people I have ever known. I will deeply miss her but know that she and Steve are happy together wherever they may be.
