“ Dad, I am so sorry for your loss! Kathy was a very special lady who cared a lot about all of your kids whether they were close to you or not. She was always so nice to me and I am going to miss this comment that she always said to me when I would come up to Portland and that was "how was your drive up here?" I just wish we could of been closer through the years but I am very glad that I had the opportunity to have her in my life. Dad I am glad that you are coming back into my life. I know that Kathy is looking down and smiling because you and I are actually talking, etc. She will continue to have her angels look over us and make sure we continue to do this. Kathy, Jocelyn and I miss you and love you! Thanks for always treating us like we were part of the Family even though we did not come around much. All My Love, Your Daughter, Angie Hood Medford, OR

“Ric, I am so sorry for your loss and ours. Kathy was also so sweet to me. I am so sorry I was not able to attend her memorial, but I was told it was beautiful and was so full of those who were touched by her life. She was blessed with your love, and now is with our Lord. Take care. Becky

“ My Grandma Kathy was truly an amazing person and grandma. Day after day I thought about what Grandpa Ric, Richie, Trista, my Mother, Trina, Lisa and so many others were doing to help keep her alive. It was truly a very sad thing to think about. When I came and visited her after a while I was surprised by how much it did to her. It was so sad. I just wanted to say how sad I am to know that she's gone and that she was an awesome grandma. Grandma Kathy, I Will Love You and Miss You Forever and Will Think About You Everyday until the end of time.

“ Grandma Kathy, I always had a fun time visiting her because we would play board games and she would make my brother and I our favorite dinner. She was so loving and cared so much about our family. I will never forget the memories we all had together. I love and miss you and you will always be remembered.

“ I remember as a child, Kathy lovingly being there. Little things like making the long trip to Medford just to fix me and Brandie's hair for prom, the way she supported my Dad by having him call us every week. The forgiving nature she had toward us, her step kids. Now as a step mom, I understand the difficulties that she must've gone through. Kathy really came into her own as a grandmother, so giving of her time and patience to our kids, weather they were Tony's older ones or Jake and Sierra, her love was endless. Tony grew to respect her loving nature with his kids. She, perhaps unknowingly, in the end taught a valuable lesson to Richie and Trista as they tirelessly worked daily with Dad to keep her going...eating...talking...and living. The life and death of Kathy will leave a imprint on all who knew her and the lives she touched, right up till the end. God Bless Kathy, you loved and were loved. I miss you and am so grateful you were there with my Dad, by his side and in our lives.
