“ Anna Jo, Jerry, our deepest condolences. I remember Larry as was one of those friends would give the shirt off his back. Trustworthy, sincere, and cool sense of humor. He is the only person who could train a cat to fetch. He will forever be remembered in our hearts.

“ Larry and I went to high school together at Evergreen. We were great friends at that time but let years and life get between us. Knowing that Larry and I shared space on this earth at the same time is a real attribute to me. There was not another friend in my life that was nicer then Larry.
