BT

“ My dad was quite the outdoorsman. He took me fishing hunting camping and dirt bike riding. I was able to experience the Gifford Pin Shaw National Forest alongside him! On many occasions we would stop to appreciate the beauty and vast land that it was. I miss him and would want no one else as a father. I love him and miss him soo.

He was a man of his word and taught me not only survival skills but how to trust my instincts. He was my rock! Also he was my best friend! He taught me how important family is and how important it is to take care and honor family because that is really all we have.

“ Sorry to hear about Larry. I have a lot of memories from when we were in the army and when he came to see me in Arizona several years ago.
