Devoted wife, mother and grandmother who will continue to always bring a smile to all of our faces and only wonderful memories, appreciation, and an unconditional love that will never be broken. You possessed a perfect combination of all the traits found in a woman that had so many responsibilities to her family, but you were also so beautiful, kind, thoughtful and had an exceptional sense of humor. But most of all, throughout this journey, we also came to realize how incredibly strong you can be. There are no words to describe how much you mean to your family. Your unselfish way of always putting your family ahead of your own need, because making your family happy is what gave you joy and made you what you are to all of us. We will miss your words of encouragement as we begin new chapters in our lives, because they were always spoken with the purest love and straight from your heart. All of the good things that made you such a wonderful grandmother, wife, and mother lives on within each of us and will help us guide our way through the road ahead. We will forever cherish, love, and remember you until we meet again. Grandma, You were such an amazing wife, mother and grandmother. When we talk about you its with love and appreciation that it pours from our facial expressions. I don't know anyone that had as many amazing traits as you did. You were beautiful, kind, respectful, loving funny and most of all we came to realize what an incredibly strong woman you were. You always put your family's needs before your own. If we were happy. You were happy. When any one of us were having problems or just even having a

bad day, we would come to you and you would make it all better with just your words of encouragement, your compliments and best of all your genuine love. Personally you always made me feel that i could do no wrong. So its because of you i feel like i can tackle anything or any obstacles in life that may come my way. You have given me the strength that i have needed to overcome many things. You are my role model as i go through life. I know for a fact that we have all had our own special experiences and memories with you and it is safe to say that you were a major highlight in all our lives. You have left a part of you with each one of us and we will forever cherish that and keep you always in our hearts. We love you and we know that you will always be with us. Your Granddaughter, Rachel
