“ I have so many great memories of my dad. Dad unconditionally loved my mom. They were very close and the family felt a continuous bond of support and love. Dad loved to go on long drives through the country and we all pile on the car and did this together. Singing songs (he was a great singer) stopping by Dairy Queen for a special treat!! I will miss dad and will never forget how much of a special person he will always be to me!! Oldest Daughter, Debby Williams

“ I only had the privilege of knowing Leroy (Grandpa Tipp) for a few years. He immediately accepted me as part of the family, and treated me like his own granddaughter. Grandpa Tipp always had the most contagious and bright smile, even in his last days his face would light up with that huge smile as soon as Brandon and I walked in the room. I consider myself very lucky to have know this wonderful man for the time I did, and even luckier to be apart of the wonderful family he created. -Savannah Rooks, married to his youngest grandson Brandon

“ One year ago- I brought dad a puppy that lit up his life and kept him smiling. Zoey became a service animal for emotional support and also alerted me when dad was falling out of bed in the middle of the night. She protected him and kept him knowing where home was during the nights of hallucinations and confusion. This little girl will be by my side as my little sister for many years. Love her as much as dad did, and we will help each other fill the void from our great loss of our daddy. One day- we will see him again....

“ The laughter, the joking and silly moments I will truly miss the most. We were such a close and loving family when I was growing up. I am blessed to have such beautiful and wonderful memories of our family. I am going to miss our beach trips and our talks. Enjoy your time with mom and I hope that you are giving mom huge hugs for us as I miss you both so very much. Love and tears to my dad. Brenda Tipp
