“ *Although I did not really know Lisa well, she served on my Assistance League committee to help local children in foster care. Despite her health issues she still wanted to contribute and so took over handling a part of the program that could be done from home. It was a tremendous help to me and I so appreciated and admired her strength and resolve. I stayed in contact and she had hoped to be back with us this year. I regret that I did not have a chance to spend more time with her and get to know her better. Deepest condolences to all who loved her.*

I'm sitting here looking at a picture of Lisa, touched by her smile forever. For her, the glass was always half full. Her positive outlook on life was infectious. I so cherish the time I had with her and will endeavor to carry on her goodness, her laughter, and her love. May God bring you comfort and peace in this time of loss.
