“ My memories of my grandmother have only been fond. She has been there through so many moments in my life. I am happy she has joined my grandfather. I will miss her. She taught me more than I had ever even realized until now. I miss you so much grandma.

“ My dear friends, I am so sorry for the loss of your mother, grandmother, great-grandmother. She was "Mom" to many of us. What a fabulously sweet lady she was! I will always remember her smile, her laugh, her voice. It's hard to imagine life without her being a part of it. I am so thankful that she was part of my life. But she's in great hands now, with her husband and her other family members and friends. She will be watching out for all of you and she will remain in all of our hearts forever. May Mom rest in peace. She is HOME now. My thoughts and prayers to all of you. God bless. Love, Kandi

“ What an amazing and wonderful grandma she was! I believe it would be impossible for anybody to find or want to say anything that isn't uplifting about my grandma. She was a kind, caring, and very loved lady who loved her family with all of her heart. We miss her already. Grandma earned her wings here on earth so I know she was welcomed into heaven where she will watch us all until we are together again.
