“ Louise was truly an amazing lady. She was a perfect second mother to have growing up especially during the teen years She listened, gave advice and always smiling unless you borrowed her brand new car for the weekend to go to WSU, making a pitstop to the Vista House on an extremely windy day and then return her car with the door attached by rope because it had flipped open all the way to the front bumper, lol. Even then she didn't get upset and was more concerned about our safety. Sending our prayers and condolences to all the family at this difficult time. Much love,
