“ Marlieeny...keep thinking you will walk around the corner any minute. Miss you so much. You have left behind a mountain of family and friends who have been impacted by your love, kindness and generosity. Will never forget you spending 8 hours at the hospital because you didn't want me to be alone. Last but not least will miss your surly attitude that has made us all laugh in good times and bad. I have followed you around for the past 42 years will now follow the great memories and cherish those times. Thank you for being a part of my life.

“ Thank you for always having wisdom to share and a smile to calm. I will never forget your caring ways and always feeling safe with you, even when we were on an adventure. Thank you for always being there for me and for the many others who will miss you. We know you have gone home to Jesus and are in a better place keeping an eye out for us. Enjoy your peace and serenity. Love you Mar.....
