“ I knew Maxine as "Grandma", being married to her grandson in law's brother and graciously included in their extended family. She was a very special woman and I feel honored to have known her. Always a smile and a hug and a laugh was had from her at the many family get togethers over the years. She always made me and my family feel welcome. I was able to witness the close relationships she had with all of her family and how much they cherished her. She set a great example as of the matriarch of a really down to earth, loving family. My family and I will miss her very much and wish all of her family and friends peace and comfort following their great loss.

“ I had the honor of doing maxines manicures for the 12 years, she brought joy into my salon, and taught me more about life than anyone could imagine. She will forever be in my heart. And I will always remember her laughter. I love you max.
