“ A memory, just about impossible! There is so many my Granny always cleaned her sliding glass door , my brother thought it was fun game I ran into the door everytime! We had to drive through day break in one area it was scary kinda so wed say Lions and Tigers and Bears Omy getting louder each time. Granny would always do this shiver thing cause so loud then turn and look at us, stick her teeth out real quick then back to driving ! I hareally seen her in last few years for selfish reasons! Ive always Loved her and always well until my last breathe! Love You Always & Forever Amber Aline Nickelson granddaughter

“ Mary was my aunt, my mother's eldest sister. Growing up, our families were always close. Numerous family gatherings, holidays, summer picnics. Many happy memories of my Aunt Mary. She was one of the strongest women I have ever known. Always ready to lend a hand, a hug, advice or an opinion. A hard worker in everything she did. She was a role model to me. She will be greatly missed.
