“ *Mama you forever changed my life, you blessed me with your love and the love of your family. Together we will make it, but we will never be the same without you. I thank you for all your laughs, smiles and love. You are definitely one of the strongest and courageous women I have ever known. You have taught me so much about love and family. Please watch over all of us mama, until we meet again. I love you and miss you dearly. Fly with the angels mama and dance everyday. Love you!*

“ *I pray you spread your wings and fly pain free... and when you meet our maker, I'm sure he will be there with open arms to welcome you in!.. I'm grateful for all the love you gave my brothers and sisters and still had so much to spread!.. I know there's anger and sadness around from our maker taking you when he did.. but I pray for comfort in knowing you are walking around with your family and watching over us..*

“ Nothing is the same since you left us Mamma. It's hard to find things to make me smile. Thinking about all of the times I'll be wishing I could give you another kiss on the cheek and hear you say "Hi Tessy!" with a warm smile. It's a little less bright in my world, but I know you're a star shining bright in heaven watching over me and hoping i stay strong and pass on the love and kindness you always shared with me. Rest In Peace Mamma. I will always love you.

“ *Mary's departure has left hole in the hearts of those who loved her. I hope we can come together and fill those holes with love and the beautiful memories of her spirit and of her positive and lasting impact on each of us. Death is a bitterly painful and difficult experience. Knowing it's imminent presence in our lives doesn't make it one iota easier when we lose someone close to us. My heart hurts for those who are struggling through biting journey of grief. I hope we can come together to honor her spirit and support one another as she moves toward the next phase of her journey. From me and so many others: Goodbye Mary. You leave so much love in your wake.*
