“ *A little late but my thoughts are with you Mick and Judy. I just happened to come across Grandma's obituary today while doing a search on family history. I was shocked that 3 months have passed and I had not heard a word that she had passed, again mine and Mark's thoughts are with you. Kathy*

“ *Words can't express what a wonderful woman Dolly was and how helpful she was to me when I was working in Washington for the Girl Scouts. The Modrow family opened me with open arms and our friendship covered 40 years! I will miss her more than words can express. Peace to Judy and the family.*
