“ I am so sorry my dear sweet friend, that life became so unbearable and hard. It is so difficult to place all of our faith in the "all unseen and unheard" Heavenly Father for help, bu we are human. Those who have been able to accomplish this have become saints. You will always be Mormon Merry in my eyes and heart. You introduced me to the faith through work. We had so much fun then at work, linking it to day-care at times and then pounding on the keys for 2 hours to make up for our gabbing. During my difficult times, no matter how busy you were, you would come and "scoop" me up and we would do lunch. You have always been so sweet Mer. I am so sorry for you and your children and unborn grandchild who will not know her terrific grandmother in person and recieve the gift you have by giving everyone you touched with your love. Take care my friend. Stop by and see me from time to time. I love you.....Mo
