“ It's been six years and I still miss my very best friend and first love. We met the summer I turned 16, so hard to have you not be there. You were always there for me. I know you are happy where you are . And we will be together again some day , but for now I must let you go, God Bless you.

“ I didn't get to know Mike as well as most of our classmates did. But what I do know of him was that he was a great person who loved life and his family. My prayers go out to Shar, the kids, Nick and the whole family ...may God provide you with lasting memories of the times you had with Mike and the love to help you and the children deal with this time of loss. My heart saddens for you at this time. Hugs go out to all of you!!! :(
