“ I remember when i was teenager visiting my aunt and uncle seeing Mike on occasion.He always had that great smile and greeted you like you were the only one in the room and interested in how you were doing.Really enjoyed his company always and remember when I had car trouble one time he offered his time and skills to help me successfully repair my car.I was really stoked and was one of the first times I recognized enjoying car repair.I remember him allowing me to do work and he stood back coaching me through the work.I later went to automotive school and became a technician working on cars/trucks.I have not seen Mike in many years and still remember his kindness and generosity.That spirit of his will be missed and will never forget his influence on me.Love you mike Joe Holdahl

“ My deepest condolences to the family. I met Mike in high school and instantly had a crush on him. He was so handsome, charming, an athlete and a drummer. What more could a girl want. We dated and eventually married. Although we didn't stay together, we had a beautiful son together Michael Jr. So thank you Mike for giving me one of life's greatest gifts, our son Michael. ❤️ May you now rest in internal peace 🙏
