“ Q: What will you never forget about Michael (Mike)?

A: Just heard today of your passing. Yesterday I was relaying funny memories again to my own 4 children about times we spent together when you were a kid! Your sweet face and smile and all your antics left an indelible mark on me, and I speak of fun times with you and your family often! Yesterday I was telling my 2 youngest children again about the time you rolled up a half eaten chicken leg in the dish towel hanging on the fridge handle for a little joke, and I was the lucky person to find it first trying to dry a dish! Love and miss your sweet face and will see you again one day!

“ Nothing is the same without you. I love you, and I miss you so much. I can't believe it's almost been two years. You would love our dog, Taylor. She is such a goofy girl. I choose to believe you and Maeby sent her to us. Jaz is the same. She's such a turd...but still cute. Thank you for saving her for us. I'm sure you welcomed little Brody with open arms. I'm happy you're there to take care of him. We miss him, too. Take care of all the bubbas for us. Make sure to give Stripey some loves from me. Again, I love you. Forever.

“ Mike Louey.... I just learned today of your passing. The last time I seen you was in 2015 when I came to visit for a mutual friends memorial. The memories of the past are painful and I always hoped you would live a beautiful life. You were an exceptional person with so much talent and personality, everyone liked you. I don't know your circumstances or how this became your sudden end but I chose to Believe you found your true call in life and lived in peace and abundance. I feel a deep ache knowing your gone and I'll never talk to you again, even though it's been years since we have seen or talked to one another. Prayers for your family and your son. I love that you named him Dreydyn, you picked that name 17 years ago!

“ Mike loved his puppy "Molly Moo Moo". He's explaining to her what the sound is that she was hearing. Both looking into the sky. Mike and those striking blue eyes. Wait till the end. He was always so kind and polite. I so miss you Mickey. You are my baby boy. So love you with all my heart and soul. I will see you on the other side in Heaven. Mom

“ Although Rene & I lived 2 1/2 hours away from Mike & the family we came down almost weekly, myself making the trek just about every week for band practice on Thursday nights. I always looked forward to coming back to the Vancouver house to sleep after practice cause Mike was usually up. I would pull up to the driveway, get out of the car and make my way to the door. As soon as I smelled cigarette smoke I knew he was outside. We would often chat for hours both outside and eventually inside talking about whatever (animals, music, shows & movies ..nerdy stuff). One of the more recent conversations we had which I really appreciated was when he asked me how I was doing a few months after losing our sweet Maeby girl. My response was emotional but he listened intently and responded as necessary never giving in to my outpour of emotions. In that moment he was strong, patient, compassionate and there for me as a friend when I most needed it as he loved Maeby just as much. At the core, that's exactly who Mike was and will always be in my mind. Mike...you are so loved and we will see you again some day! Bryan
