“ My favorite memory was Nick coming over to my house, and trying to hide in a pile of stuffed animals by just poking his head out. No one actually noticed him for awhile. He'll always be remebered as someone who could make people smile all of the time.

“ Nick made me smile each and every day. No matter how bad the day seemed he knew just the right things to say to cheer me up and to keep me laughing. Nick, you will always be in my heart.

“ I think the memory that I will keep close to my heart is the times during cross country camp. I always remember nick making some sarcastic joke to put a smile on your face or the stories, singing that went around the camp fire and the knee high white socks he wore during his races. Nick, you'll be missed my friend.

“ Nick and I never got to know each other very well, but I remembered he was always around when we were in school, being that we had last names that were similar in alphabetical order, anyways, it was nice the little bit I had gotten to know Nick, he was a nice guy and very funny. I remember his laugh and smile very well, because I was lucky enough to see it a lot., he will be missed by many. You, the family and friends are in my thoughts and prayers.

“ *Michelson Family: I'm at a lost at what to say to a family who has lost there son. Of the nearly 800 runners I've coached over the last 13 years, "Socks" has always had a place in my heart as one of the best. Not because of what he did on the track or the race course but because of his incredible tenacity, his "tell it how it is" attitude, his great sense of humor and his endless heart. Your loss can never be filled. Just know that during his time on this earth he touched more people than you will ever know. People that were barely close to him remember something positive about him and are broken by his passing. He may have only graced all of us with only 23 years of life but he left us with a lifetime of memories that will never be forgotten.*

“ *I will never forget walking down the halls at Heritage and always seeing Nick, with his big grin, and his hand held way above my short head for a high five... he always made me work for it. You will never be forgotten. -Ash*
