“*Noemi, Wherever you are, I came back from South Korea to find you were gone. I tried to find you, but I was told you no longer were working because you were sick. Today, they told me that you had passed this week. I wish I could have known you much better than I did. I am sorry to lose such a dear friend to my heart..I will always miss your smile. I am sorry that I missed your Memorial Service, as I just now found out about it, 3 1/2 hours after the service was over. I truly hope we will meet again.*
