“ I visited Thelma Wiessner tonight and she said she read in one of the papers that your Mother had died. Well she lived a long life and now has gone on to what she lived for all her many years. We are thinking of you at this time and Thelma sends her sympathy also.  
*Richard, Sharon, Caleb Kirkman*

“ Greetings Vonita and Lyle. I'm sorry for the passing of your mom, Fern's sister; I am pleased to note that her life was a little more than 100 years.

LF

“ I think of all the kindnesses that Olive has shown to me through the years. Even though I was not a near relation and saw her only a few times really, she greeted me from the first with a hug and a kiss. To her, her sister's grandchildren were the same as her own. She, like all of her siblings had the gift of making one feel special and loved. Wish her all the best in her new "home" and send greetings of sympathy to her family left behind. With love from Sweden, Lea, Staffan, Madeleine and Charlotte

“ Family, Friends...I am thinking of you all! I remember the last time I visited with Aunt Olive(Aug. 2004)at the Family Reunion in S. Dakota. Dad and I were remembering that she won the prize for being the oldest there! Glad for her faithful example. Sending out HUGS your way from AK!

“ Thank you for inviting me to have a part in Olive's service. It has been a privilege to share rich and wonderful memories with the family this week! We love the heritage our "South Dakota folks and grandparents" have left to us.
