“ My Dad was a wonderful person. He was a strict parent, for which I am grateful . Most of the time as I was growing up, there wasn't much conversation between us kids and my Dad other than being yelled at when we did something wrong. He was a hard worker and taking care of his family came first. He expected respect, and got it. Most of the Summers he worked 12 to 18 hour days, 7 days a week at National Can, and then came home, grabbed a bite to eat and off to bed he went. There was always yard work which he took care of or the cattle that he raised for our table. He kept our vehicles running. He just always knew how to fix things and did because he wasn't going to spend money letting someone else fix things if he could. There was no such thing as retirement, because when he left National Can, then there was Safeway as a Courtesy Clerk. He didn't like to be idle. He was the greatest!!

“ *On days like this I wish Heaven had a phone just so I could hear your voice once more. I thought of you today, Just like every other days witch is nothing new. I think of you in silence and offen speak your name. All we have are memories and I have your picture in a frame. Your memory is a keepsake that I will never part. God has you in his arms and I have you in my heart. I love you Uncle Oscar and will see you soon..*
