“ Pam was a down to earth and caring co-worker /friend. She was the first person I saw in the morning when I got to work early. I loved our conversations as they would start my day off on a good foot. We would many times be laughing and telling jokes and would share the same sarcasm in life. She was so dedicated to always putting her 100% into everything she touched. She took so much pride in her job and would always put others before her . She loved the students and my students loved her . We will miss her dearly.

“ Your light will continue to inspire all students and staff that met you, and shared good memories and smiles.  
The positive energy you had helped me to produce better days and think that everything done for kids was going to make a difference in their lives making them better human beings.  
Thank you for the good vibes and nice words you always had when we shared the work place. Rest in peace.

“ Pam had such a "servant's heart". She was always so helpful to help set up for my band programs. Every time I saw her at school she was always working, making the school look its very best. I have been praying for her family and thanking the LORD that I had the privilege of knowing such a lovely soul!

“ Pam was so fun, so kind, so thoughtful. On one day that school was cancelled because of snow I came with my kids to the school to play and found her there, de-icing the walkways. I asked her why she was still there. She said, "I am the custodian of this school. That means I have custody of it and all the kids who go here. I have to make sure everyone is safe when they come back."  
Pam loved us all, staff and especially the students at Image Elementary. I miss her everyday as I walk the halls. Her laughter, her smile, her teasing, bragging about her grandkids. She was precious to us and we miss her.

“ Today, my heart is heavy as I remember my dear friend, Pam. She was our amazing custodian at work, but to me, she was so much more than that. Pam had a heart full of kindness and a spirit that could light up any room. She always greeted my kids and I with a smile, hello, shared the best jokes, and never missed an opportunity to tease me in the most loving way.

What made her truly special was how she cared for the kids at school - not just the students, but my own children, nieces & nephews at Image as well. She made them feel seen, loved, and valued. Her laughter filled the hallways, and her warmth touched everyone she met.

Pam, you will be deeply missed, but your memory will always bring a smile to my face. Thank you for being such a beautiful soul and for the joy you brought to all of us. Thank you, for YOU. Rest in peace, until next time.

“ What a great cousin to grow up with. So many sleepovers and Sunday family dinners. We kept in touch on each other other's birthdays and Christmas. She will be greatly missed.
