“*Pattie was my best friend for 56 years. She was the kindest, most caring, and generous person who truly cared about people. We shared most of life's milestones as we grew up together. She was always there when you needed her in good times and tough times. She loved being a Mom to Nicole and was so proud of her. She always gave so much of herself to others. I loved her as my chosen sister, and cannot imagine life without her. I'm happy she is no longer suffering with the medical problems that made her life difficult towards the end of her life. I know Pattie is in heaven, reunited with her Mom, whom she dearly loved and cared for. Pattie was the best person I ever knew, and I was truly blessed to have her as my best friend. She will be missed. Rest in peace Pattie, you have earned it. You will remain a part of me forever. The many memories we made will never be forgotten.* 💔🙏

“ I have so many memories of Pattie & worked with her for years. She weathered the storms of DSHS & was always willing to help others. I was recovering from a broken foot & there was a fire drill at work, Pattie ran back and said don't worry just go as far as you can I got you covered! She was a wealth of knowledge & her door was always open to answer questions. The one memory that stands out the most is when Pattie covered me in the afternoon. My mom wanted me to sit with her during her blood transfusion. Pattie heard me on the phone & grabbed it (Brenda will be there soon!) I had a few hours that day talking & holding my mom's hand That was my last hug with my mom. Pattie was a kind hearted person & will be missed

“ *Patti was a kind and caring person to all. Patti was my supervisor years ago and she was very supportive and always had time to sit and address any concerns I had, silly or otherwise. She would say hi kiddo when you would pass her in the hallway at work, the little things like this is what made her special and dear to your heart.*
