Peggy was a graduate of Ridgefield High School in 1941 at the age of 16. A member of the greatest generation, Peggy answered the call for duty by going to work at the Kaiser Shipyards in Vancouver, WA during WWII where she contributed to the building of 50 escort aircraft carriers in four years. She was the product of a great family and a true example of a great Christian woman. Peggy was a world of wisdom and knowledge and had a remarkable memory right to the end of her days. “ *Sandy...I can certainly relate to the emotions you are going through right now, since I lost my mom a couple years ago. Although there is always a feeling of missing her, there is also a feeling of peace. The memories get sweeter as time goes by. Praying for your comfort and tranquility.*
