“ *Delores, there are no words to express sorrow for Phil leaving you. He was your life. I was very blessed to get to know both of you in his last year. I will always remember his love of food. And sharing it with me. Bless you Delores for giving him his dignity and setting yourself aside. So if you need a Silver Dragon buddy call me. You know my number. You take care. And thank you for sharing your life with me. It means a lot.*
