

Philomena Hanna

October 2, 1936 - March 27, 2020

Ena Hanna, 83 of Vancouver, Washington, passed away on March 27, 2020.

Born October 2, 1936 in Trim, Co Meath, Ireland, she was the wife of Donald Hanna, mother to Kathy, Siobhán and Seán Hanna.

Ena followed Don to America from Ireland in 1959 where they married, built a business and raised a family. While America became their home, Don and Ena remained deeply rooted in Ireland, always intending to return. Don preceded her in death in March of 2014, not a day went by that she didn't miss him.

Ena was grandmother to Kayla, Alanna, Allie, Eámon and Brenden, great-grandmother to Colvin and Dacey and mother-in-law to Darren, Jeff and Melani. Ena was beloved by her family and leaves behind a rich Irish heritage filled with music, stories and a deep love of the country of her youth.

Don and Ena are together again. No service will be held, in accordance with their stated wishes. Rather, their ashes will be combined and returned to Ireland, where they will finally be home.

The family would like to thank Dr. Cara Ellis and her wonderful staff at Providence Medical Group Mill Plain for their always loving care

“ I was a volunteer driver who took Ena to do some of her shopping and other errands in the past. I loved her stories and how she shared her greyhound memories with me. She was a very special lady in my world. My condolences to her children, she talked about you often and lovingly.
