“ *My Ray of light. I feel terrible that I missed your service. I had no idea that you had passed away. I feel so grateful to have known you. When we bought our first house next door to you on F St, we always told everyone that the best part about the house was it came with the world's best neighbor. There wasn't a day that went by that I didn't look forward to chatting with you over backyard fence. I loved hearing your many casino stories, or stories of the gym. Your energy, spark, and enthusiasm will leave an impression on us forever. The hardest part about moving from that street was moving away from you. We have missed you so much for the past 5 years and I valued our phone conversations ever since. I will cherish the last conversation I had with you and your great advice about cherishing our little ones and being grateful for a decent job with a pension!! Thank you, Ray for everything you are. We will miss you so incredibly much. You really were our "Ray of light!" xoxo. Sarah Kerr*

“ *Sinner Family, We cannot thank you enough for sharing Ray with us. He was the best grandfather we could have ever asked for. We all want to grow up and be like him...easy to be around, quick to laugh, generous, positive in all situations, and not one to pick up an offense. This loss is HUGE. We are so grateful for all the time, memories and wisdom we received from this man that we truly loved. Jessie and family*

“ Thanks Mr. Sinner. I have so many great memories; Brightenbush, cat-fishing off the Felida dock (2 #2 hooks - each with an earthworm), Friday night high school football games at Kiggins Bowl or Clark College basketball games when Mike and I were in junior high, swimming at Daybreak or Lewisville parks and Mt. Angel Ocktoberfests just to name a few. But most of all, you always made me feel welcome and a part of your family whenever and wherever I was with you; be it fishing with you and Mike, riding in the Impala or just hanging out around your house. It was an honor and a pleasure to have known you. Les
