JF

“ I hope Richard is in the giant coffee shop in the sky with his old dog sharing war stories and fish tales with old friends. Richard had a quit wit and infectious laugh that kept us all on our toes. Richard was a unique man whos perspective of the world was one of a kind. He will be missed.

CF

“ He was a loving father, grandfather and great grandfather. He told the best stories, they never got old no matter how many times he told you the same one. I think it's because every time he told it, there was always some detail that would be different. He will be forever in our hearts. There will never be a day where I won't think about him I love you grandpa xoxo
