“ It has been such a blessing to have a grandfather like you. You were such a great family man, I remember all the family reunions and family get togethers. You knew the meaning of family. I will forever miss you grandpa. The lord has you and we all have a guardian angel. I love you so much grandpa..

“ It was an honor and privilege to work with Dick during my time at WFLHD. He was a true professional and is a great example of commitment and dedication for those of us with whom he worked. He was respected by all who knew him. He left a lasting impression on the people and the places he touched in his life. I will always remember Dick whenever I visit one of our National Parks. Our thoughts and prayers go our to Dick's family and friends.

“ I had the privilege of working with Dick Gatten at FHWA for many years, traveling with him to several National Parks for road design projects and meetings with our National Park associates. Dick Gatten was always a true, unselfish public servant and a true gentleman. The many fine National Parks road projects FHWA developed under Dick Gatten will always be a testament to this mans leadership and outstanding character.

“ I'm here at WFL because of you, Dick. As you told me "You get to work where people vacation." and you were right. I have worked in some beautiful areas. I appreciated being on the Park Team with you at the helm. Your chuckle made me laugh. Your stories were always interesting. You never let people get you down while your support was always there. Thank-you, Dick. It was an honor to work with you. You are now at peace.
