“ I play Bridge once a week with Jane MacNeill and last week she mentioned Richard's passing. I wish I had known sooner so I could attend his memorial/funeral but at least I now know. Richard was in my first grade class at Petersburg Elementary, and then again at Wahtonka High School. Jane caught me up on his life since graduation.

It sounds like the wonderful young man I knew - if only slightly - grew into a terrific man. My condolences to all of your family.
