“ *Jenifer Pope and family. Its been many years since I saw and visited with Grandma, as I called her, she treated me like one of her own. I will always remember her love. My heart was heavy when I received the news. But I understand Heaven is a better place with her now and I 'm sure Grandpa Ted was waiting with open arms. I'll never forget the ealy morning coffee and yatze. Licorice and Labbits and big plate of SOS, along with the gallons of fresh strawberry freezer jam and her kind loving heart. Thanks for sharing her in my life, the values she shared with me and all the great expierences. I am a better person for it. She will forever be in my heart. Andrew J Burke*
