“ Sandi & I went to a one room school house for our first 5 years of school. The 1st picture is of just the students on the school play ground, the 2nd of all the students, parents & siblings at our picnic place at the end of the school year. The 3rd picture was taken for our school in some parade. Vivian & Sandi and I(Joy Getty) are all on the right side of the picture. Vivian is holding a sign facing the camera person.

“ Sandi you were so tough and endured so many challenges that most would not be able to. Remember the year they planted half the back yard with zucchini. She made zucchini everything that year. You will be missed by all that you touched and that was to many to keep track of. You did it all with a smile on your face and in your heart. Made me proud when you would call me your baby brother. To the kids Bobby, Sheila and Shelly your parents live on thru you in your hearts and thru your deeds. The grandkids you all meant so much to here. Rest in Peace Sis
