“ When I think of Sandy, I always remember her as a beautiful, feisty teen and the strong competent woman she became. Of all my cousins, Sandy is the one I think of as a true survivor. My thoughts are with her family who meant so much to her.

“ I worked with Sandy for many years before she went on to become an RN. She was always so bubbly and friendly. A lot of fun to be around. When my husband and I took a trip back east, we stopped in Casper, Wy when Sandy was living there. She took us out of town up to this mesa that overlooked Casper. It was beautiful, and we had a great time visiting. I'm sorry she's gone, she will be greatly missed.

“ I remember playing as kids in the back 40 behind her place on 72nd Ave. There was an old pond with a log raft on it and we would lay on our tummies. As we floated across the water we would see huge bullfrogs scamper into hiding. It didnt take much to amuse ourselves. I also remember the time her horse bucked us off in that old field and I couldnt get up. She ran so fast to get help. Even at the age of 12 she was the most compassionate and loving person you could meet. I will never forget Sandi and her knack for being so positive. It didnt matter what she went through in life, I never heard a negative word. Her laugh was contagious and she was loved so very much!

“ I am sorry to hear of Sandy's passing. My memory of Sandy is of seeing her at Lewisville park running with our friend, Joan. Although we were only passing acquaintances, she was always so friendly to me. I could tell it was a good place for her to be, enjoying the beauty of the outdoors and getting exercise. I pray your family will find comfort in remembering the best times that you shared. Sincerely,
Stephanie Nielson

“ I remember Sandi as the toddler that needed her diaper changed. I changed many of them. She was her Daddy's little girl and he loved her very much.
