CL

“ My name is Caryl Lamont. SaYeng always called me Terro. I met SaYeng and his family when I was 13. I went to school with his sons Sarada and Sarado. They are my closest friends. Weve been brothers for nearly 30 years. Sarada was the Best Man at my wedding. I will always remember SaYeng as a happy person who worked hard in life taking care of his family. He was a good man, a wonderful father and grandfather, and a kind and caring friend. SaYeng and Taylong were a father and mother to me; they called me their son, making me part of their family. I owe them both gratitude and respect. This man and his family have been the greatest positive influence in my life, they taught me to be the best person I could be. SaYeng was a great mentor to me. I will be forever thankful to him and his family.
