“ Sean, You know you where cherished as a wonderful and amazing friend. It is our loss not to have you in your physical form to enjoy and physically laugh with anymore. God needed you worse. We loved you and will always remember you. We will help care for Jean and Ryan and look after them for the rest of their years with us. Love you buddy.

“ You very silly and brilliant man! I hope you are resting in peace! Say hello to my father. Jean and Ryan will be OK because that is what you want. I am glad your pain is gone and I was 1 of the very lucky people to have you in my life! My prayers are still being sent forward to your family. Rest!!
