“ I met Sue on yahoo about 10 yrs ago on a game app called Slingo. We chatted from time to time and then it was for a while and than I had some personal issues start taking place in my life and we didn`t chat that often. But when ever we did Sue was always asking me how I was doing and how are things going for me. Sue would also ask how my girlfriend Wendy was doing and said hope all is well with us young kids. I would of really liked to have met Sue in person and finally put a face to the name that I have been talking to and became friends with for some time. I as well as Wendy are truly saddened to hear that Sue has passed away, I feel as if I have lost a good friend that I never got to meet. May you rest in peace Sue you will truly be missed by us here in Michigan.
