SS

“ Dear Danny, Nancy and Sally, I am so sorry this message is coming to you so late but I just recently found out the news of Susan's passing. I am still very much in shock. Susan and I met when we moved into the house across the street from you guys, and we were both heading to second grade at Hazel Dell Elementary. Susan and I were on and off friends all the way through elementary school, junior high and high school. Sometimes we would go through periods of time when we were mad at each other. You know how girls are. The worst. I would be Susan's best friend for a while, then Susan would become JoAnne's best friend for a while, and on it would go. Three girls just can't seem to get along very well for very long, so only two could be best friends at one time, and the other would get left out. It all seems so silly now. But I will always have such wonderful memories of Susan. Playing baseball in the street, sleeping outside on the lawn chairs, singing contests, and a very special memory of a slumber party in your basement and your mom served us all banana splits!! I hope you are all doing well and would love to hear from you. Love, Sheryl Streicher Malone
