“ I worked for Suzanna for 20 years. There will never be a Manager, or person I respect more than she. I used to love to make her laugh. I remember bringing her a rose out of my garden everyday for her to put in a bud vase at the front desk. She finished the race strong, and fought the good fight. She rose above life/work circumstances and conquered! Because of work policy's , I couldn't verbally say "I love you", but I know she knew I did. She really helped/looked out for me at work, probably more than I will ever now. She is irreplaceable, and I am honored to have known her!

“ I am going to miss the laughter the most. Despite whatever life threw at you, you came back stronger and you never forgot the joy and laughter of life. That is such a difficult thing for most of us, but you, Suzanna conquered it with your own style and grace. Thank you for all the love and wonderful memories you have given us. I know there was a joyous reunion in Heaven. God bless you
