

Terry Allen Hawks

September 14, 1956 - September 15, 2010

Terry Hawks of Vancouver WA, passed away on September 15, 2010 at the Ray Hickey Hospice House after a short battle with brain cancer. Terry resided in Washington all of his life, and had been in the Vancouver area for the past 25 years where he worked as a production supervisor for many local companies, Nike, Ventura Foods, Darigold and Harrys Fresh Foods, among others. Terry is survived by his sons, Sean and Derek Hawks; and his two brothers, as well as a son whom was adopted at birth. He has always been a car enthusiast and raced cars as a youth, over the past ten years that passion lied with VW's. Terry made countless friends through the VW network of forums, shops and shows, from which he managed to take home several trophies of his own for his VW's. Terry enjoyed living the simple life spending time with his friends, driving his car, watching movies and sports, especially the Seattle Mariners and Seahawks as he was an avid fan. Above all else, Terry's sons and friends that he considered his family were his most prized possessions. We will all truly miss his kind gentle heart and soul here on earth, however we have all been blessed with an amazing angel to watch over us from heaven. We love you buddy.
