“ Theresa always called me her "real" mother in law, and "real" grandmother of her children. I always thought that was such a beautiful thing to say! I have so many fond memories of her, and will never forget the family times we spent together. You are now in heaven with many people that loved you. Until we meet again! RIP

“ I took this picture of Theresa at Shari's one night. I think I still have it, and several more. I will try to find my old computer and upload them to share.

RE

“ We shared many happy memories. Hanging out, making new friends, karaoke, playing pool, It didn't matter that we weren't any good, we were just having fun.
