“ Tyler was in my class at Monterey High...he was one of my favorites and I am deeply saddened at this news. Tyler made me a few pieces of Art that I brought home in March when I realized I wouldn't be in the classroom for awhile. He loved those amphibians and animals and his art was the first thing I looked at when I walked in...the next project he was working on. My heart is with you and I feel truly blessed to have known Tyler💜.

“ My daughter and family live in Camas and I was so sorry when she told me of the loss of your precious son. Please know my heart hurts for you as you make your way through the grief and treasure the memories. In deepest sympathy and loving support from Iowa,
Deborah Schoenfelder
